### Action Nears On Bids for ATHS Project

The Board of education of District 117 will meet tonight in special session to work out final approval of plans and specifications for the \$995,000 high school addition preparatory to advertising for construction bids.

The board will meet with a representative of the architectural firm planning the addition, Johnson & Johnson, of Rockford, and hopes to pass a resolution approving final plans.

Tonight's meeting at the high school follows a meeting held last night at which plans and specifications were studied and discussed by board members.

Tentative time table calls for advertisement of bids next week; big opening and award of bid in early August, with groundbreaking set for mid-August.

The addition, approved by voters in referendum Feb. 11, will cost \$995,000 and will include: a two-story classroom structure in front of and parallel to the present building containing 11 classrooms, five science rooms, cafeteria, kitchen, library, study hall, offices and washrooms.

The present structure will also be remodeled to enlarge athletic facilities, band room and laboratory areas to accommodate an increased enrollment.

The addition will increase high school capacity by 400. Approximately 787 students are expected to attend the school this fall.

### Annual Grass Lake Barbecue Set July 2

The "granddaddy of chicken barbecues" will be held from noon to 3 p.m. Sunday at the camp grounds of Grass Lake School.

The barbecue is the annual Grass Lake Scout home benefit through which funds are gained to maintain the Scout House and equipment.

The Grass Lake chicken barbecue was first held in the summer of 1956 and was the first of its type in this area.

Several of the families who worked the original barbecue are still participating in the event: Mrs. Sylvia Rozek, president; the Herbert Meyer and Robert Hart families of Grass Lake Rd., and Lester Hribar and Francis Burke families of Indian Point.

The camp grounds are located behind the Grass Lake School, 1½ miles west of Rt. 59 on Grass Lake Rd. The event is open to the public.

### Work on ATHS Athletic Field Nears Completion

Antioch High School's new athletic field rapidly is taking shape on the 18 acre site east of the Soo tracks and will see some use during the 1962 season, according to A. L. Dittman, principal.

Leo J. Fox, excavator, is bringing the field to grade, following which certain areas will be tiled for drainage, top soil replaced, and the entire site seeded.

When completed, the 18-acre site will have two football fields, one for practice and one for games; a softball diamond; two baseball diamonds; a soccer field for girls; and a 440-yard track with a straightaway of almost 220 yards.

CLIMAXING CENTENNIAL activities was the Village-wide old-fashioned barbecue Sunday afternoon. Lion members, impressed as chefs, served more than 1,800 barbecue chicken dinners during the 6-hour-long event. Chefs labored over a pit some 106 feet long and used a ton of charcoal in cooking the fowl. Diners were treated to square dance exhibitions, a Marine drill squad, diving exhibitions, band concerts and judging of the beard contest.

### Phone Shift To Dialing Under Way

Crews of telephone men are readying telephones in Antioch for dial service, reports Donald L. Hood, Illinois Bell manager here.

"Equipping telephones here with dials is an important step in the program which brings modern dial service to Antioch in August," he said.

"In addition to installing dial phones, our men are carefully inspecting all wires leading to houses and buildings to insure proper functioning with dial service."

Installers, under the direction of Ernie Sydow, wire chief, will work on more than 4,300 telephones in Antioch and surrounding area. This project is expected to be completed by the middle of July.

Service representatives are calling customers in advance and making arrangements for the change.

Hood said an opportunity is being given to customers to have color phones or extensions installed during the same call. Installers are ready to discuss these types of installations, he added.

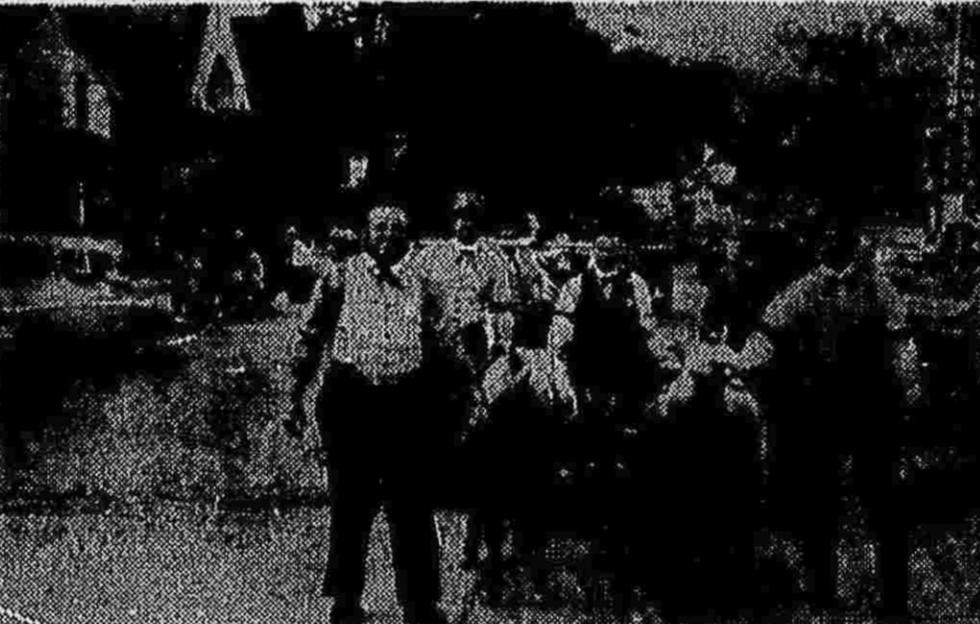

Hood explained that even though telephones will have dials on them, telephone users must continue to place their calls with the operator until the changeover to dial service in August.

"Avoid turning the dial while talking since this would interrupt the conversation," Hood said.

The manager added that all Illinois Bell installers working on this project carry regulation identification cards. They will be happy to show them upon request by the customer. Each card carries the employee's photograph.

#### CAR ACCIDENT

Helen C. Nader, 17 W. Grand Ave., Lake Villa, suffered minor injuries in a car mishap June 22 in Waukegan. Mrs. Nader reported she failed to see a stop sign and hit a car as she crossed the intersection.

THE OPENING PARADE Friday evening featured unusual floats, four bands and drum and bugle corps. Shown guiding their entry — a fire rig of the 1890's — along the parade route are (l to r) Vic Lubkeman, Frank Kuchenmeister, Ronald Cunningham, Bill Vos and Bernie Gutowski.

### Horan Elected VP Of Legion Group

John L. Horan, 407 Orchard, has been elected first vice president of the Illinois American Legion Historian's Association.

The election Saturday was part of the program of the annual 2nd Division convention held Friday, Saturday and Sunday in Highland Park.

Officers named to serve with Horan are: Dr. Peter H. Furno, Chicago, president; William L. Nichols, Chicago, 2nd vice president; Emerson D. Tidd, Mendota, 3rd vice president; Miss Gertrude Snyder, chaplain; William H. Donnelly, Morton Grove, Historical; Edward A. Roberts, Chicago, sgt.-at-arms; Eric J. Bernsdorf, Chicago welfare officer; Eleanor Zimla, Chicago, secretary; Alexander E. Wyllie, Mendota, judge advocate; Joseph Martin, Chicago, treasurer.

Cecil M. Dempsey is the outgoing president.

The new officers will be installed at the Department Legion Convention July 26-30.

### Board Post To Be Filled

The appointment of a trustee to replace John M. Blackman, who resigned earlier this month, will be given top priority at the July 5 meeting of the Village Board.

President Murrill Cunningham today declined to name his choice for a replacement for Blackman, but stated he will present his recommendation to the board on Wednesday.

The board will discuss the matter. They can either approve or advise a special election, he said. A special election is not mandatory, he pointed out.

Appointments to Village committees will be withheld pending selection of a trustee, Cunningham said.

#### CAR BURNS

Harry D. Stickler, Venetian Village, suffered minor injuries Saturday when his car was driving west off the road on Grand Avenue at Cedar Lake in Lake Villa and caught fire. Deputies charged Stickler with driving while intoxicated.

### Cite 3-Day Observance As Village Milestone

Lake region residents, estimated at between 5,000-8,000, participated in the three-day Civil War Centennial commemoration concluded here Sunday.

Encouraged by ideal weather, an estimated 3,000 viewed the opening parade Friday evening where four bands, three drum and bugle corps, horsemen and floats presented a colorful spectacle.

The Centennial was officially opened on the high school grounds at 8 p.m. following short ceremonies presided over by William Brook and Centennial committeemen.

The tone for the entire event was set at 8:30 p.m. with the pageant, "From Antioch to Appomattox," staged and presented by Palette, Masque & Lyre, which proved to be among Centennial highlights.

The Civil War's role in history was related in 120 essays entered in a contest sponsored by the State Bank of Antioch. Presentation of awards was made Saturday morning.

Saturday activities continued with reopening of the art exhibit and the fourth annual flower show of the Antioch Garden Club, both at the high school.

Viewers were offered refreshments throughout the day by costumed ladies of the Antioch Woman's Club presiding at an ice cream social on the Village green.

The annual firemen's dance Saturday evening drew a capacity crowd of celebrants and extended until 2 a.m. Sunday.

Church services Sunday morning emphasized the significance and memory of the occasion. A full afternoon of exhibitions, games and swimming along with a huge old-fashioned barbecue at the swimming grounds concluded the three-day commemoration.

Winners of various contests held as part of the Centennial were:

State Bank of Antioch Essay Contest: (first places) Lain Barthel, 5th grade; Lois Herman, 6th grade; Georgia Goelz, 7th grade; Gretchen Cardwell, 8th grade; Marilyn Gras, freshman; Janet Polley, sophomore; Karen Lightsey, senior. Second place awards went to Margaret Wolfe, Bruce Muir, Nancy Geiger, Sandra Bicanic, Diane Forster, John Bonner and Sue Uedell.

Winning essays will be on display at the bank for several weeks. One winner, that of Janet Polley, is on page 5 of this issue. Others will be presented in subsequent issues.

Flower show winners: Mrs. Elmer Christensen, best of show; Mrs. Clarence Spiering, best of horticulture, won 32 ribbons; green and white ribbon for staging and decorations, Mrs. Lloyd Leable.

Costumes — women's division — Phyllis McMillen, first; Irene Ehrhardt, second; Irene Jacobs, third. Children's division — Connie Ryan, first; Terry and Karen Scheisser, second; Diane Hartman, third.

### Baby Recovering After Convulsions

Seven-month-old Gina Jo, daughter of Mr. and Mrs. Richard Crifasi of 1da Ave., was rushed to Victory Memorial Hospital early Monday morning, by the Antioch Rescue Squad. She was in convulsions when Dr. Fred Bobzein was called.

Oxygen was administered on the way to the hospital and all day Monday. She is now recuperating.

COSTUMES OF THE Civil War era were in evidence. Winners of awards for the best homemade costumes were, left to right: Phyllis McMillen, first; Irene Ehrhardt, third; and Irene Jacobs, second. The costumes were judged Saturday afternoon. One of the top attractions was the ice cream social on the Village Green at which sponsoring members of the Antioch Woman's Club wore authentic costumes.

BEARDS were judged Sunday afternoon with awards going to (left to right) Joe Kirsch, booby prize for effort; Ray Lorenz, neatest; Bob Avery, most unusual; and Victor Lubkeman, longest. Dr. J. W. Kopriwa, Centennial committee chairman, tenders congratulations. The contest was sponsored by the Moose Lodge.

(Photos by Warren Polley)

WINNERS of State Bank of Antioch's essay contest received awards of \$25 savings bond (1st) and 10 silver dollars (2nd). Shown receiving award is Lain Barthel, 5th grade, Antioch Grade School, from Kenneth Smouse, judge. Observing are Betty Lu Williams, judge; Preston Reckers, Jr., bank representative; and Mrs. William Hart (right) judge.

## EDITORIAL

## A Temporary Setback

The decision of a professional fund raising team to cancel its agreement to undertake to raise funds on behalf of the Countryside Hospital must be a bitter pill for those who have expended much energy and effort to finance and build a hospital in Lake Villa.

The firm decided against making the drive at this time in view of the immediate outlook as indicated by an intensive five-week survey of homeowners and businessmen throughout northwestern Lake County.

The survey, according to the firm, painted up a currently unfavorable economic climate occasioned by lay-offs in several large Waukegan industrial plants where many of the expected contributors are employed.

The situation is not conducive to a concentrated campaign such as is planned by the Countryside Hospital Association, the firm explained. So, rather than conduct an abortive campaign, the firm wisely suggest that a specialized drive such as was originally planned be postponed until a more favorable time.

The firm suggests the Association continue raising money through luncheons, dinners and other benefits which have been successful to date.

Then, when the general economic situation warrants, a concentrated drive for funds can be made with the assistance of those specializing in this type of endeavor.

In view of the present situation, this seems to be a wise move.

## A Milestone For Antioch

"Antioch did itself proud!"

That was far and away the sentiment of villagers and visitors alike in the wake of the Civil War Centennial observance here last Friday, Saturday and Sunday.

From the opening of the festive parade and rousing pageant Friday night through Saturday's shows, exhibits and ice cream social, capped by the huge, old-fashioned family-style barbecue Sunday afternoon, the commemoration went off without a hitch.

It was heartening to see all elements of the village cooperate in such an endeavor. The success of the event, now being heralded as a milestone in Antioch's colorful history, stands as a rewarding climax to the planners and workers who spent some six months staging the event.

The Centennial was more than a commemoration of an event which stands as one of the most significant in our nation's history.

The Centennial here last week reaffirmed our belief that nowhere in the hurried battle of modern living are the roots of this country more deeply embedded than in the Antiochs of America.

Letters to  
The Editor

Editor:  
Antioch News,  
Antioch, Illinois.

Dear Sir:

I read the local Seattle papers from force of habit, I guess, and most of what they print makes me positively ill. When I want a clean breath of news, I pick up the little "Antioch News."

We were delighted to read the article in the June 8 issue Flag Day Proclamation, it was wonderful. In reading another article concerning the burning of old flags sponsored by the American Legion, I hope that the American Legion came forth with new 50 star flags to replace the old ones. Recently in our community Legionnaires sold American 50 star flags door to door, and for this service, we were very grateful. A recent article in one of our local papers mentioned how hard it is to find a new flag for sale.

"The Other Side of the Coin," printed in your June 8th issue of the Antioch News is also to be commended, for the items mentioned concerning Federal Aid to Education are quite factual. At the present time several mothers in this area are working hard to inform the American public as to the real danger of federal aid to education.

I shall enclose some of our articles with this letter, and should you feel inclined to reprint any of them in The Antioch News, we would be forever grateful.

We notice you have a real thinking State Senator, Robert McClosky. His articles are interesting, thought provoking, and quite conservative. Very different from those of our own Senators Jackson and Magnuson of Washington State.

When I was a little girl we celebrated the 4th of July by saving our money in order to try and put on a show which would throw a bit of light from our side of Channel Lake. We were always enthralled by the huge display which appeared from the shore in front of Anton J. Cermak's home at the end of the lake, and another directly across from us. I remember stepping on pieces of son of a gun on the only piece of concrete which was the top step leading to the old Shannon Pavilion which bordered the corner of my mother's property. I also remember a hot sparkler which landed on my head, but no serious injuries ever occurred with any of the 4th celebrations, and I couldn't help getting a chuckle from "Sights for the Old 4th," Antioch News June 15, 1961, for "there are my sentiments too."

I am afraid there are those today who would like us to raise vegetables unwilling to venture, and for a very sinister reason.

Very truly yours,  
Anne Brett Lorenz

### Safety Council Launches Drive for Safer July 4th

The National Safety Council opened a double-barreled Fourth of July safety campaign aimed at traffic accidents and drownings. "Everyone deserves a safe, happy Fourth of July holiday," said Howard Pyle, NSC president. "It is up to all of us to help make this possible by eliminating accidents on the highways and waterways of our nation."

"Though traffic accidents are still the nation's prime killer, they were outnumbered in some states by drownings over the last Fourth of July holiday."

Last year's Fourth of July holiday

traffic toll was 440 lives. Drownings and boating mishaps claimed 400 lives. Other accidents, including fireworks, firearms, heat exhaustion and falls killed more than 100 persons.

"The Fourth of July is almost always celebrated outdoors," Pyle said. "This means travel, swimming and sporting events, coupled with their inherent hazards. To get the most out of all these activities we must remember safety—safe driving and safe play means going

by the rules for the protection of yourself, your family and others."

Pyle stressed two points: 1—Everyone learn to swim. It's the best possible insurance against drowning. 2—Install and use automobile seat belts for all driving, near home and on trips.

"Seat belts will reduce injury and help save lives in case of accidents," said Pyle.

"But the need for accident prevention—before the fact—cannot be stressed too strongly," he said.

### Ozga, Denman Pace Round Lake Squad To 10-7 Legion Win

Daryl Denman and Bill Ozga, starting pitchers for the 1961 Antioch Township High School baseball squad, led the Round Lake Junior American Legion nine to a 10-7 victory over Wauconda at Round Lake.

Round Lake's victory marked the opening of its home season in the Tenth District west division of the American Legion loop.

Joe Pleviak, shortstop and leading hitter for Antioch High this spring, uncorked two hits for the winners to assist Denman and Ozga to their victory.

### Grant High Player In All-Star Game

Ken Flacks, hard-hitting third baseman for the Grant High Bulldogs, has been invited to play in the high school all-star game at Wrigley Field in Chicago, June 29.

Flacks, a mainstay of the Bulldog team which finished second behind Grayslake in the Northwest Suburban Conference, led the league in runs-batted-in, was second high with a .439 batting average and second best in slugging, with a .732 percentage. He led the league in doubles and was second best in homers.

The game is an annual one pitting suburban all-stars against city all-stars. The game will precede the Cubs-Cincinnati game.

### Completes Course at Engineering Institute

Richard W. Srch, Rt. 2, Antioch, has completed specialized training in refrigeration, air conditioning and heating, according to an announcement today from Utility Engineering Institute in Chicago.

The school reported Srch graduated with an outstanding record as a student in the course, which covers intensive work on a variety of equipment in the school's refrigeration shops.

## THE ANTIQUE NEWS, ANTIQUE, ILLINOIS

FIRST—SOPHOMORE CLASS  
Janet Foley  
Antioch High SchoolTHE SIGNIFICANCE OF THE  
CIVIL WAR

Exactly one hundred years ago the United States began to go through the darkest four years of its history—years marked by the division, violence, and chaos of civil war. Brother fighting against brother, father against son—families

were divided just as the nation was. But why should we care about this anyway, and even bother to commemorate it? It is only history and has no bearing on our lives. It certainly is not pleasant, let's just forget that it ever happened.

There are a number of reasons why the Civil War cannot be forgotten. In the first place, when history acts as a record to show man his triumphs and defeats, it serves its true purpose. And if man is wise, he recalls history and uses it to prevent him from making the same mistakes over again. He

only has to look back to see how careful planning and sound judgment or lack of it has shaped the course of events of a nation.

We recognize the fact that the Civil War has been one of the greatest influences in the development of the United States and realize its significance. That is why Civil War museums and monuments are built, why thousands of people visit battlefields annually, and why communities commemorate the Civil War with parades, picnics, and gala events on its anniversary. But even though these may seem impressive, they are not enough. All

of these are important, but they mean nothing unless we have learned something from the Civil War. The Civil War cannot just be something to commemorate and be used as an excuse for triviality. Men died to keep our country together because they believed that they had something here worth saving. Would we do the same again?

## Oh Those Achin' Dogs - Scouts Do 20 Miles in 96°

By Mrs. Pearl Kapell

Thirteen boys from Scout Troop 88 and four of their leaders made the 20 mile hike along the Lincoln Trail from New Salem, Ill., to Springfield, recently.

The group drove to New Salem on Friday and camped at the New Salem State Park. They then toured the village of New Salem. The boys hiked the 20 mile trail the next day in 96-degree heat, accompanied by their leaders. The trail runs along a highway, and is devoid of shade. The car waiting for them at the end of the trail, chauffeured by Mrs. Ray Atwood, was a welcome sight.

The group visited Lincoln's home and his tomb, and toured the State Capitol Building in Springfield before returning home.

The boys who made the trip to New Salem and Springfield were Bob Wills, Calvin Trussell, Kevin Jarvis, John and Rodney Patterson, Jim McCarthy, Bill Shelton, Bill and Charles Fox, Terry Dowell, Roger

Eberman, Butch Seneaman and master Ray Atwood, Assistant Scoutmaster Mike Roepenack. They were accompanied by Scout Harlan, and Russell Roepenack.

## Needy Chicago Children, Mothers To Vacation at Camp Wonderland

All the thrills of a fun-filled vacation in the country await the 225 needy children and mothers from the city who will be the first guests of the season at the Salvation Army's Camp Wonderland July 3-18, six miles northwest of Antioch. Camp Wonderland will entertain an additional 450 youngsters and mothers 225 at a time for 10-day periods through Aug. 4. Some 175 older will have their turn at

camp life from Aug. 5 to Aug. 16. This summer marks the tenth year that the golden girls have vacationed at the camp.

In the special wooded area of Wonderland, called Camp Shagbark, approximately 150 Boy Scouts and Girl Guards from the Army's Scandinavian division camped June 26-July 3. A similar group of 150 from the Metropolitan division will camp

at Shagbark July 10-17.

The two divisions will combine forces for a music camp for 140 young musicians July 3-10 at Shagbark. Throughout the summer, nearly 100 other Boy Scout troops from the Chicago area also will enjoy Shagbark's facilities.

Summer vacations in the country for the needy have been offered by The Salvation Army since its first fresh air camp was held in 1944. The present 70-acre rolling woodland location, acquired in 1924, is on County Highway SA at the edge of Camp Lake, Wis.

Facilities at the camp are being

remodeled and improved under a long-term rebuilding and maintenance program begun last season. The nursery building in the hilltop section is being remodeled to provide space for an expanded nursery play and care program.

Counselors will care for children up to five years of age to give their mothers a "real vacation" and allow them to participate actively in the camp recreation program. Additional indoor play space and equipment have been provided and the special nursery playground has been improved.

One of the foremost attractions

for the campers is Center Lake with its opportunities for swimming, boating and fishing. The recreational program also includes group games, hikes, picnics, campfire, woodcraft, classes in swimming, handicrafts and nature study, stunt and amateur programs, campfire and council ring sessions, outdoor band concerts, movies, trips to neighboring farms and overnight outdoor camping for the youngsters.

Guests are selected by the Army's Family Service division on the basis of need for a vacation, without distinction as to color or religion. Brigadier Mrs. W. H. Wiseman of

1724 N. Moody St., is director of Camp Wonderland for this season. Other activities planned at the camp during the summer include the Territorial Bible and Leadership Institute July 16-24, the Central Music Institute Aug. 17-27, and the Labor Day weekend pilgrimage, Sept. 1-4.

University of Illinois farm outlook specialists say summer and fall hog prices seem likely to fall about midway between 1960 and 1960 levels. That would set prices around \$16 for the summer and \$18 for the fall.

### Oh Those Achin' Dogs—Scouts Do 20 Miles in 96°

By Mrs. Pearl Kapell

Thirteen boys from Scout Troop 86 and four of their leaders made the 20-mile hike along the Lincoln Trail from New Salem, Ill., to Springfield, recently.

The group drove to New Salem on Friday and camped at the New Salem State Park. They then toured the village of New Salem. The boys hiked the 20-mile trail the next day in 96-degree heat, accompanied by their leaders. The trail runs along a highway, and is devoid of shade. The car waiting for them at the end of the trail, chauffeured by Mrs. Ray Atwood, was a welcome sight.

The group visited Lincoln's home and his tomb, and toured the State Capitol Building in Springfield before returning home.

The boys who made the trip to New Salem and Springfield were Bob Willis, Calvin Trussell, Kevin Jarvis, John and Rodney Patterson, Jim McCarthy, Bill Shelton, Bill and Charles Fox, Terry Dowell, Roger

Eberman, Butch Senesman and master Ray Atwood, Assistant Scoutmasters Bill Young and Dick Harland, and Russell Roepenack.

Hilbert also was the winning pitcher.

Guy Flaschner had a home run and a double for the White Sox and Richard Rebick had two singles.

The Orioles got a fight from the lowly Cubs and managed to squeak out a 6-5 win in a game played at Silver Lake. Lynn Rittmer's grand slam home run was the big blow for the Orioles. Jimmy Lohr led the Orioles at the plate with three hits and Bobby Peterson was the winning pitcher. David Schlitz hit two triples for the Cubs and Gary Kerkman rapped out a three-bagger.

Jeff Wheeler got both of the Braves' two hits and also pitched for the Braves, striking out 10 Yankee batters.

In play earlier in the week, the Pirates held onto their first-place position by nailing the Cubs 13-3 at New Munster.

Tom Hartnell, Gary Hartnell and Jeff Schimpff all rapped out three hits each to lead the Pirates at the plate.

Ricky Wayne was the winning pitcher in holding the Cubs to but one hit after relieving Tommy Thompson in the second inning.

Mike Vanderzee cracked the charmed circle when he pitched a no-hit no-run win for the Yankees as they beat the White Sox 6-0 at Silver Lake.

He struck out 13 of the opposition and did his bit at the plate in slamming out a triple in the fifth with three aboard. The Yanks scored all six runs in that inning. Allie Luke added his bit with a home run for the Yanks, his fourth of the year.

The Orioles remained in a tie for second place with the Yanks by edging the Braves 4-1 at Fox River Park.

Rick Sarbacker hit safely twice and Jerry Scherer smacked a triple to lead Oriole hitters.

George Sobotka was the winning pitcher.

Jeff Wheeler pitched for the Braves and allowed but four hits. He contributed heavily at the plate with two hits in three attempts.

## THE FLAMELESS ELECTRIC KITCHEN

WHEN YOU MODERNIZE YOUR KITCHEN, REMEMBER...

A flameless electric kitchen won't go out of date

Planning your kitchen remodeling is like planning your kitchen work for the next 20 or more years.

Naturally, you want to make sure that the money you invest and the appliances you select will pay you back with easier meal-making, pleasanter surroundings and a kitchen that's easier to clean and keep clean.

A flameless electric kitchen offers you all of these things and more.

Take the electric range, for example. This is the heart of every flameless electric kitchen. With it, you can cook your meals without overheating your kitchen (or yourself). The oven is insulated on all six sides, not just five. Hardly any heat escapes. The surface units transfer heat directly into pans and into foods—not into your kitchen.

And because electric ranges burn no fuel, no dirt is created. Your kitchen (and everything in it) stays clean twice as long.

Before you spend a penny on kitchen remodeling, get a professionally-prepared plan based on your specific needs and budget. An experienced kitchen specialist can show you how imaginative planning can save you steps and eliminate unnecessary bending and reaching. He can also help you work out color schemes and lighting effects and help solve storage problems.

For the names and addresses of kitchen modernization specialists in your area, call your nearest Public Service Company office.
